Fire Ant RESTRICTED AREAS

Declaration Notice

(declared under section 49 of the *Plant Protection Regulation 2002*)

This declaration notice updates the fire ant restricted area boundaries to help stop the spread of fire ants in South East Queensland.

The declaration comes into effect on 1 March 2014 and revokes and replaces all previous restricted area declaration notices for fire ants in Queensland.

The Director-General of the Department of Agriculture, Fisheries and Forestry declares that the following suburbs and localities are in either the high risk restricted area or the low risk restricted area:

For residents and businesses, different restrictions apply in low risk and high risk restricted areas to the movement of restricted items such as soil, mulch, hay, turf, manure and green waste.

The movement restrictions mentioned in sections 51-58 of the *Plant Protection Regulation 2002* apply to high risk and low risk restricted areas.

To learn how the changes affect you or your business and to view a map of the restricted areas, visit www.daff.qld.gov.au/fireants.

**For more information call 13 25 23
or visit www.daff.qld.gov.au/fireants**

The declaration notice published on the department's website provides a map showing the boundaries of the high risk and the low risk restricted areas.
