TELEPHONE (03) 9676 4444**

**RUDCHEM  
PY MIST  
FORMULATED MIST INSECTICIDE**

**GENERAL INSTRUCTIONS:**

Rudchem Py Mist is ready to use and can be applied through the "Minuteman" Trijet portable fogging machine.  
**Note:** This machine will completely fog an area of 1000 cubic metres in 3 minutes.  
It can also be used through other cold foggers:

- Dynafog "Hurricane" - Dynafog "Cyclone"

**For use as surface spray:** Use pneumatic knapsack sprayers with a medium sized nozzle.

**APPLICATION:**

**KEEP WINDOWS AND DOORS CLOSED WHEN SPRAYING OR FOGGING**

**Insecticide Resistance Warning**

For insecticide resistance management Rudchem

**GROUP 3 INSECTICIDE**

Py Mist Formulated Mist Insecticides is a Group 3 Insecticide.

Some naturally occurring insect biotypes resistant to Rudchem Py Mist Formulated Mist Insecticides and other Group 3 insecticides may exist through normal genetic variability in any insect population. The resistant individuals can eventually dominate the insect population if Rudchem Py Mist Formulated Mist Insecticides or other Group 3 insecticides are used repeatedly. The effectiveness of Rudchem Py Mist Formulated Mist Insecticides on resistant individuals could be significantly reduced. Since occurrence of resistant individuals is difficult to detect prior to use, C. Rudduck Pty Ltd accepts no liability for any losses that may result from the failure of Rudchem Py Mist Formulated Mist Insecticides to control resistant insects. Rudchem Py Mist Formulated Mist Insecticides may be subject to specific resistance management strategies. For further information contact your local supplier, C. Rudduck Pty Ltd representative or local agricultural department agronomist.

**PRECAUTION**

Ensure all people and livestock have been removed from the area to be treated.  
Re-Entry: Do not allow re-entry until all fog/spray mist has dissipated.  
Do not spray directly on to exposed food, food utensils or food preparation areas.  
Toxic to fish - for indoor use cover or remove any fish tanks.

**PROTECTION OF WILDLIFE, FISH, CRUSTACEA AND ENVIRONMENT**

Toxic to fish. **DO NOT** contaminate streams, rivers or waterways with the chemical or used containers.

**STORAGE AND DISPOSAL**

Store in the closed, original container in a cool, well-ventilated area. Do not store for prolonged periods in direct sunlight.

Triple or preferably pressure rinse containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point.

If not recycling, break, crush, or puncture and bury empty containers in a local authority landfill. If no landfill is available, bury the containers below 500mm in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should not be burnt.

**SAFETY DIRECTIONS:**

Repeated exposure may cause allergic disorders. Sensitive workers should use protective clothing. Avoid contact with eyes and skin. Do not inhale spray mist. Wash hands after use.

**FIRST AID: If poisoning occurs contact a Doctor or Poisons Information Centre.  
If swallowed, do NOT induce vomiting. Give a glass of water.**

# DIRECTIONS FOR USE

## FOR USE IN ALL STATES

Situation	Pests	Rate	Critical Comments
Domestic and Public Areas	Flies	Space spray	FLYING INSECTS
- Factories	Fleas	or Fog	- direct spray or
