NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

GENERAL INSTRUCTIONS

GROUP 3A INSECTICIDE

INSECTICIDE RESISTANCE WARNING

For insecticide resistance management Garrards Pyrethrin Drift is a group 3A insecticide. Some naturally occurring insect biotypes resistant to Garrards Pyrethrin Drift Insecticide and other Group 3A insecticides may exist through normal genetic variability in any insect population. The resistant individuals can eventually dominate the insect population if Garrards Pyrethrin Drift Insecticides are used repeatedly. The effectiveness of Garrards Pyrethrin Drift Insecticide on resistant individuals could be significantly reduced. Since occurrence of resistant individuals is difficult to detect prior to use, Garrards Pty Ltd accepts no liability for any losses that may result from the failure of Garrards Pyrethrin Drift to control resistant insects. Garrards Pyrethrin Drift insecticide may be subject to specific resistance management strategies. For further information contact your local supplier or Garrards Pty Ltd.

PRECAUTIONS

Avoid contact with food, food utensils or places where food is prepared or stored. Before use, remove or cover all exposed foodstuffs. Cover all dishes, utensils and places where food is prepared or stored.

PROTECTION OF WILDLIFE, FISH CRUSTACEANS AND ENVIRONMENT

DO NOT contaminate streams, rivers or waterways with the chemical or used containers. Cover fish tanks before using.

STORAGE AND DISPOSAL

Store in the closed original container in a dry, cool well ventilated area. Do not store for prolonged periods in direct sunlight. Triple or preferably pressure rinse containers before disposal. Dispose of rinsings in a disposal pit specifically marked and set up for this purpose, clear of waterways, desirable vegetation and tree roots. If recycling, replace cap and return containers to recycler or designated collection point. If not recycling, break, crush or puncture and bury empty containers in a local authority landfill. If no landfill is available, bury the containers below 500mm in a disposable pit. Empty containers and product should NOT be burnt.

SAFETY DIRECTIONS

Repeated exposure may cause allergic disorders. Sensitive workers should use protective clothing. Avoid contact with eyes and skin. DO NOT inhale spray mist. Wash hands after use.

FIRST AID

If poisoning occurs, contact a Doctor or Poisons Information Centre Ph 13 1126 Australia wide or New Zealand 0800 764 766.

MSDS : Additional information is listed in the Material Safety Sheet, which is available from the supplier upon request.

DISCLAIMER

Garrards Pyrethrin Drift Insecticide is supplied as a high grade product and is suitable for the purpose which it is expressly intended and must be used in accordance with directions for use. The user must monitor the performance of any product as climatic, geographical or biological variables may affect the results obtained. No responsibility is accepted in respect of this product, save for those non-excludable conditions implied by the Trade Practices Act or any relevant State legislation and is limited to replacement or product used.
