| External surrounds of domestic buildings and structures including gardens, ant nests and trails | Nuisance ants and nesting ants | 600 g/50 $m^2$ | |

**NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION**

## GENERAL INSTRUCTIONS

### INSECTICIDE RESISTANCE WARNING

**GROUP 2B INSECTICIDE**

For insecticide resistance management ANTHEM is a Group 2B insecticide. Some naturally occurring insect biotypes resistant to ANTHEM and other Group 2B insecticides may exist through normal genetic variability in any insect population. The resistant individuals can eventually dominate the insect population if ANTHEM or other Group 2B insecticides are used repeatedly. The effectiveness of ANTHEM on resistant individuals could be significantly reduced. Since occurrence of resistant individuals is difficult to detect prior to use, Sherwood Chemical Australasia Pty Ltd accepts no liability for any losses that may result from the failure of ANTHEM to control resistant insects. ANTHEM may be subject to specific resistance management strategies. For further information contact your local supplier, Sherwood Chemicals Australasia Pty Ltd representative or local agricultural department agronomist.

### APPLICATION

Apply ANTHEM evenly to the surface of turf using a granule applicator. ANTHEM Granules must be incorporated with at least 6 mm of rainfall or overhead irrigation immediately after application.

### PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT

DO NOT contaminate streams, rivers or waterways with the chemical or used containers.

### PROTECTION OF LIVESTOCK

DO NOT graze treated turf or feed turf clippings from any treated area to poultry or livestock.

### STORAGE AND DISPOSAL

Store in the closed, original container in a dry, cool, well-ventilated area, out of direct sunlight. Shake empty bag into granule applicator. DO NOT dispose of undiluted chemicals on-site. Puncture or shred and bury empty containers in an approved waste management facility. If an approved waste management facility is not available, bury the empty containers 500 mm below the surface in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots in compliance

with relevant Local, State or Territory government regulations. Empty containers and product should NOT be burnt.

**SAFETY DIRECTIONS**
Will irritate the eyes. Avoid contact with eyes. Wash hands after use.

**FIRST AID**
If poisoning occurs contact a doctor or Poisons Information Centre. Telephone 131126 Australia-wide.

**MATERIAL SAFETY DATA SHEET**
Additional information is listed in the Material Safety Data Sheet.

**CONDITIONS OF SALE**
All conditions and warranties rights and remedies implied by law or arising in contract or tort whether due to the negligence of Sherwood Chemicals or otherwise are hereby expressly excluded so far as the same may legally be done provided however that any rights of the Buyer pursuant to non excludable conditions or warranties of the Trade Practices Act 1974 or any relevant legislation of any State are expressly preserved but the liability of Sherwood Chemicals or any intermediate Seller pursuant thereto shall be limited if so permitted by the said legislation to the replacement of the goods sold or the supply of equivalent goods and all liability for indirect or consequential loss or damage of whatsoever nature is expressly excluded. This product must be used or applied strictly in accordance with the instructions appearing hereon. This product is solely sold for use in Australia and must not be exported without the prior written consent of Sherwood Chemicals.
