HACCP Australia certifies the equipment listed above as effective and suitable for the prevention and management of rodent infestations in food facilities that operate in accordance with a HACCP based food safety programme.

This certification is subject to the devices being used strictly in accordance with the manufacturer's instructions and recommendations and as part of a HACCP based pest control programme conducted by a qualified pest controller.

Licence Commencement	22 December 2018
Certificate Issue Date	22 November 2018

HACCP Australia's evaluation and certification is strictly confined to matters of food safety or the operation of a HACCP based food safety programme. Whilst all reasonable care is taken by HACCP Australia in its evaluation of the product(s) or services(s) described herein, HACCP Australia does not guarantee that every food safety risk in every application has been identified. No guarantee is offered or implied in the issuing of this statement.

Licence Agreement

Bell Laboratories is licensed to use the HACCP Australia certification mark, in accordance with HACCP International's Certification Trade Mark Rules and Conditions in Region 1 (Australasia), in respect of the products listed above, for a period of 24 months from the licence commencement date. Bell Laboratories is in receipt of the HACCP International Certification Trade Mark Rules and Conditions v3.0 and agrees to abide by the conditions therein.
