DO NOT PUNCTURE OF INCINERATE THIS CAN EVEN WHEN EMPTY.

Dispose of can by putting in garbage, or leaving it in an appropriate metal recycling collection point.

CAUTION: EXTREMELY FLAMMABLE
PRESSURISED DISPENSER
DO NOT SPRAY ON A NAKED FLAME OR ANY INCANDESCENT MATERIAL. KEEP AWAY FROM SOURCES OF IGNITION.
NO SMOKING.

PROPELLANT: HYDROCARBON

APVMA Number 63850/120143

HOW TO USE
Shake can well before using. Keep can as upright as possible and hold about 15 – 20cm from the surface. Avoid using on plastic surfaces. Treating surfaces with CHAINDRITE Extra Strength Crawling Insect Spray will kill and protect against a large range of crawling insects. For direct kill, spray in the direction of the crawling insect.

Cockroaches - Spray skirting boards, under cupboards, behind stoves and refrigerators, and other places where cockroaches live and hide.
Silverfish - Spray architraves, bookshelves, and other areas where paper is stored.
Ants - Spray around garbage bins and food disposal areas and entry points.
Carpet Beetles - Lightly spray under carpets, lounge chairs and along skirting boards.
Fleas - Infested rooms should be closed and treated by thoroughly spraying the carpet. Ventilate the room 4 hours after use. Ensure adequate ventilation during use.
Spiders - Spray where cobwebs appear.
Clothes Moths - Spray storage areas and in emptied drawers and wardrobes.
Bed Bugs – Spray areas where bedbugs hide such as bed frames, floors and skirting boards.
Millipedes, earwigs – Thoroughly spray surfaces where they are found or where they enter homes to maintain an insecticide barrier.
Slaters (woodlice, common pillbug) - Spray surfaces where they congregate, eg in laundries, sheds and under pot plants.
Flies – Spray surfaces where flies settle. For outdoor fly control, spray garbage bins and around unit incinerators and barbecues.
Wasps - Directly spray wasp nests or apply as a residual surface treatment on sheltered surfaces.

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED
