NET CONTENTS: 500 g

HOW TO USE
Shake can before use. Best results are obtained if the pests are contacted directly. Treat in early morning or evening when pests are in the nest.

HOW TO APPLY:
Wind should always be at back of user and blowing towards object being treated. Hold container in an upright position to treat. Stand a safe distance, about 2 metres from the nest and not directly underneath. Use a sweeping motion to saturate nests.

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED.

CAUTION: ·
Dangerous to bees. Dangerous to fish. Remove or cover fish tanks before spraying. DO NOT spray directly on humans, pets, exposed food, food preparation areas or food utensils. DO NOT stand directly underneath the spray site to ensure insects and spray do not fall onto the skin or clothing. DO NOT allow chemical containers or spray to get into drains, sewers, streams or ponds.

BEWARE:
Deliberately sniffing or inhaling concentrated spray can be harmful or fatal.

STORAGE AND DISPOSAL:
FLAMMABLE: Keep in a cool place out of the sun and out of the reach of children. Do not incinerate or puncture this can, even when empty. Dispose of can by putting in garbage, or leaving it at an appropriate metal recycling collection point.

FIRST AID:
If poisoning occurs contact a doctor or Poisons Information Centre. Phone Australia 131126.

SDS
Additional information is listed in the safety data sheet (SDS). A safety data sheet for WASP FORCE is available from adama.com or call Customer Service on 1800 423 262.

CONDITIONS OF SALE
The use of WASP FORCE Insecticide being beyond the control of the manufacturer, no warranty expressed or implied is given by ADAMA Australia regarding its suitability, fitness or efficiency for any purposes for which it is used by the buyer, whether in accordance with the Directions for Use or not. ADAMA Australia accepts no responsibility for any consequence whatsoever resulting from the use of this product.
