

CAT-XLURE-MST-REFILL

10 Multi Species Refills

- **Beetle-specific pheromones:** 3 different pheromones to attract 12 key species with a high degree of efficiency.
- **Multiple Release System:** 4 different release systems that allow a consistent diffusion of the attractants for a full 6-8 weeks.
- **Two Specialist Food Lures:** Wheat Germ Oil combined with a Carob Jam lure developed by central laboratories in York.

To be used with the XLure MST
