

CAT-XLURE-MST-KIT

5 Multi Species
Traps & 5 Refills

- **360 Entrance:** Its surface replicates the crack-like harbourages that attract these insects, to increase trapping potential.
- **Beetle-specific pheromones:** 3 different pheromones to attract 12 key species with a high degree of efficiency.
- **Multiple Release System:** 4 different release systems that allow a consistent diffusion of the attractants for a full 6-8 weeks.
- **Two Specialist Food Lures:** Wheat Germ Oil combined with a Carob Jam lure developed by central laboratories in York .

Target Species Include:
Biscuit Beetle; Cigarette Beetle; Rust-Red Flour Beetle; Merchant Grain Beetle; Saw Toothed Grain Beetle; Flat Grain Beetle; Grin Weevil; Rice Weevil; Confused Flour Beetle; Khapra Beetle; Warehouse Beetle; Flour Mite
