Quarantine Act 1908 Section 13(2AA)

Permit to Import Quarantine Material

Permit: IP13002896 **Valid From:** 2 Apr 2013 **Valid To:** 2 Apr 2015

Importer	Exporter
Mr Craig Warnes Garrards Pty Ltd 32 Kenworth Place Brendale QLD 5477 Attn: Craig Warnes	Mr Nicolas Fillon Liphatech S.A.S Bonnel- BP 3 Pont Du Casse 47480 France

You are authorised to import the following material under the listed conditions
Note: This permit covers AQIS quarantine requirement only.
All imports may be subject to quarantine inspection on arrival to determine compliance with the listed permit conditions and freedom from contamination. Imports not in compliance or not appropriately identified or packaged and labelled in accordance with the import conditions they represent may be subject to seizure, treatment, re-export or destruction at the importer's expense.
Additionally, all foods imported into Australia must comply with the provisions of the *Imported Food Control Act 1992*, and may be inspected and/or analysed against the requirements of the Australia New Zealand Food Standards Code.
All imports containing or derived from Genetically Modified material must comply with the *Gene Technology Act 2000*.

It is the importer's responsibility to identify, and to ensure it has complied with, all requirements of any other regulatory organisations and advisory bodies prior to and after importation including The Australian Customs Service, The Department of Health and Ageing, Therapeutic Goods Administration, Australian Pesticides and Veterinary Medicines Authority, Department of the Environment, Water, Heritage and the Arts, Food Standards Australia New Zealand and any state agencies such as Departments of Agriculture and Health and Environmental Protection authorities. Importers should note that this list is not exhaustive.

This permit is granted for the purposes of the *Quarantine Act 1908* and *Quarantine Proclamation 1998* of the Commonwealth of Australia. The laws of Australian States and Territories may also impose restrictions on the import of animals, plants and other goods into those States and Territories. This import permit does not prevent the application of those State and Territory laws. The importer should seek its own advice on any restrictions that may apply in any State or Territory into which it is proposed to import the animals, plants or other goods to which this permit relates.

Import conditions are subject to change at the discretion of the Director of Quarantine. This permit may be revoked without notice.

Notification of the import must be provided to AQIS for all imported goods other than goods imported as accompanied baggage or goods imported via the mail and not prescribed under the *Customs Act 1901*. Notification must be consistent with *Quarantine Regulations 2000* (examples include a Quarantine Entry or a Quarantine declaration).

Importer's Responsibilities

1. Each consignment must be accompanied by a valid Import Permit or by a means to allow the identification of the Import Permit (i.e. the permit number).

2. The importer is responsible for payment of all incurred AQIS fees and charges.

3. The consignment must be accompanied by a signed Manufacturer's Declaration from

Liphatech S.A.S
Bonnel - BP 3
Pont Du Casse, 47480
France

stating:

- That the products contain no material of animal, bird or fish origin; and
- That the only ingredients of plant origin contained in the products are highly processed plant material; and
- That the sourcing of raw materials and method of manufacture have not altered since information was supplied to AQIS with the application; and
- That the products contain no whole seeds or viable plant material; and
- That the products have been protected from post-processing contamination; and
- That the products have been packaged in clean, new packaging.

A **Manufacturer's Declaration** must be:

a) On manufacturer's letterhead (including company address and country).
b) Written in English, legible, and containing the correct statement/s as required on this Import Permit.
c) Signed by a senior company employee from the site of manufacture whose name, title and contact details also appear.
d) Issued and dated within the last 6 months (unless otherwise specified in this Import Permit).
e) Free from erasures and non certified alterations (all erasures and alterations must be endorsed by the issuer of the document. The only acceptable endorsement is a company stamp or seal and the signature of the company officer responsible for signing the declaration applied adjacent to the alteration).
f) Specific to the relevant commodity listed on this Import Permit.
g) Have a unique identifiable link to the consignment by referring to at least one of the following: container number, bill number, commercial invoice number, preferential tariff certificate number, health certificate number, packing list number, letter of credit number, batch/serial number or date of manufacture.

4. Each shipment must be free of soil, live insects, disease symptoms, prohibited seeds, other plant material (e.g. leaf, stem material, fruit pulp, pod material, etc), animal material (e.g. animal faeces, feathers, etc) and any other extraneous contamination of quarantine concern.

Condition	Condition Text

5. Product must be packed in new, clean packaging.

6. Full Container Load (FCL) consignments must meet the following requirements:

a) Timber packaging, pallets, or dunnage in full container loads (FCL) will be subject to inspection and treatment on arrival, unless certified as having been treated by an AQIS-approved method.

b) The consignment must be accompanied by a packer's declaration indicating the container/s has/have been cleaned and is/are free from material of animal and/or plant origin and soil'

7. In order to facilitate clearance, airfreight or mail shipments should have all documentation securely attached to the outside of the package, and clearly marked ‘Attention Quarantine’. Documentation may include permit (or permit number), invoice, manufacturer’s declarations and certification where applicable. Alternatively, necessary documentation will need to be presented to AQIS at the time of clearance.

8. All documentation must be presented to AQIS for examination upon arrival.
NOTE: All documentation must meet the requirements of the Minimum Documentary Requirements Policy.

Quarantine Procedures

9. All consignments are subject to a tailgate inspection by a Quarantine Officer to confirm that:

a) the product is packaged in clean and new packaging;
b) the product is free from live insects, soil, disease symptoms, prohibited seeds, other plant material (e.g. leaf, stem material, fruit pulp, pod material, etc.), animal material (e.g. animal faeces, feathers, etc.) and any other extraneous contamination of quarantine concern.

10. If a consignment does not meet the above conditions, and/or contamination or infestation is detected, all containers will be ordered into Quarantine at a Quarantine Approved Premises. Contact Plant Quarantine - Canberra office for further action.
