PRODUCT DESCRIPTION
FOURSOME™ Turf Pigment is a unique formulation pigment additive designed to enhance and extend the aesthetic appearance of the turf site following application.

FOURSOME Turf Pigment helps promote a uniform application of nutritional and surfactant materials, producing a more consistent turf response to the activity of the applied product.

APPLICATION RATE
For optimal performance, use from 1.1L to 1.5L of FOURSOME Turf Pigment per hectare of turf with 1.2L suggested as the initial rate.

DIRECTIONS FOR USE
1. Fill sprayer tank one-half to two-thirds volume of water.

2. With agitation on and following standard order of addition, add FOURSOME Turf Pigment after dry flowable/dispersible granules and before water-soluble pesticide formulations.

3. Allow FOURSOME Turf Pigment to fully disperse and mix into the spray solution before adding additional products.

4. Make application to target site at rate specified on product manufacturer's label.

5. After application, clean sprayer tank as per pesticide manufacturer's label.

STORAGE AND DISPOSAL
Store in the closed, original container in a cool, well-ventilated area and keep sealed. Store in closed storage areas and do not reuse container. Do not store for prolonged periods in direct sunlight. Triple-rinse containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush, or puncture and deliver empty packaging to an approved waste management facility. If an approved waste management facility is not available, bury the empty packaging 500 mm below the surface in a disposal pit specifically marked and set up for this purpose, clear of waterways, desirable vegetation and tree roots, in compliance with relevant local, state or territory government regulations. Do not burn or empty containers or product. Use caution when moving, opening, closing or pouring. Wear safety glasses and protective clothing when handling this product.
